

Evo SurMount

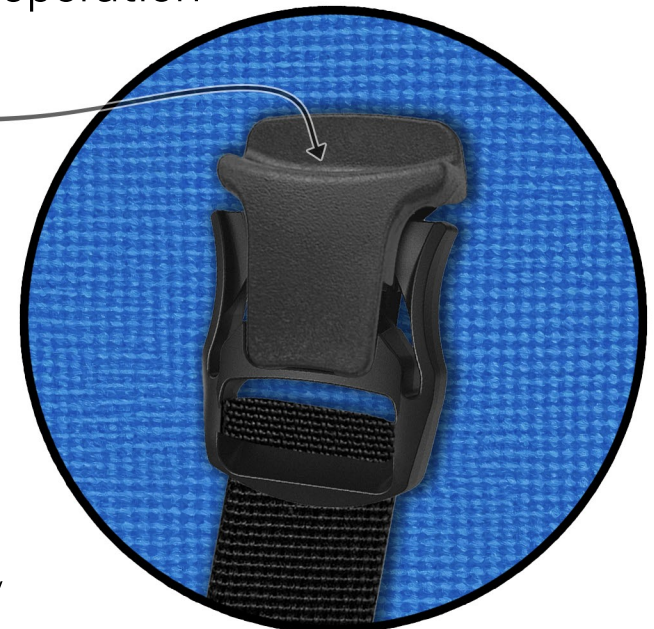

Fast and reliable surface mounted buckle

- Create secure, low-profile mounting points on fabric or flexible materials up to 1.5mm thick
- Features an intuitive “slide and snap” installation to lock the back plate securely in place quickly, and without the need for tools
- Features all of the Evo SR buckle’s innovative features: angular guided funneling, comfortable integral triggers, and easy release operation

Assembly Touchpoint

A built-in vertical surface provides a natural press point for your index finger, making buckle assembly faster, easier, and more controlled.

Guarded Integral Triggers

Compact Size

Easy Release Operation

Angular Assembly Funneling

It is the responsibility of the customer to determine the suitability of ITW Nexus products for use in their particular application
